Adriel Earns COA Accreditation

WEST LIBERTY, OH – The Council on Accreditation has recognized Adriel, Inc. as an outstanding service provider by awarding Adriel with a four-year accreditation.

The COA accreditation process involves a detailed review and analysis of both an organization's administrative operations and its service delivery practices, which are measured against national standards of best practice. In addition, the review confirms that the services are provided by a skilled and supported workforce and that all individuals are treated with dignity and respect. COA is proud to recognize Adriel's commitment to delivering the highest quality services.

Mike Mullins, Adriel CEO, stated, "COA accreditation truly sets Adriel apart as a provider of exceptional service. It is a testament to the hard work and dedication of our staff and our commitment to quality care for the children we serve."
